Soft Skills

Personal development program

Personality is an important parameter for a student for any type of job in any field. The personality also helps the student for easy selection of students in the interview. In view of this the Institution is conducting the personality development program so that students are coming to know what parameters they have to maintain for achieving the good personality.
**Soft Skills**

**Mock interview training class**

Every year the Institution is organizing several campus interviews in different service sectors of the Pharmacy field. To succeed the campus interview so easily, the Training and the Placement cell organizes various Mock interview classes by inviting various experienced people of different service fields in the Pharmacy profession. In due mode of campus interviews, the H&R department persons and managerial persons that are coming for campus interviews, they are also taking training classes as interaction to teach the students how they can easily succeed in the interview.

Soft Skills

**GPAT Training class**

Apart from their basic course like B. Pharmacy, it is necessary for the students to do the higher studies like M. Pharmacy and Ph.D., so that the students shall be able to opt for Research fields and good services in the Pharmacy field that is mostly in the Industrial sector. For this the Institution is organising the Seminar on GPAT and other competitive examinations by inviting the eminent person in the profession. Through this seminar they teach the students how they can easily crack the competitive examination with a good score. In addition to this every year, the Institution is providing the free GPAT coaching class for the B. Pharm 3rd and 4th year students in schedule time table form. The Institution is also conducting the Mock GPAT unit test for all the subjects as per the Syllabus.

Soft Skills

Industry - Institution interaction

The Institution is providing the subject knowledge both in theory and practical forms as per the syllabus. But students may not be able to have practical skills to compete at Job field. For it the Institution is organizing the Industry – Institution Interaction constantly by inviting the skilled and experienced high profile person. These people are continuously interacting with the students and aware of them, with their basic study in course curricular activities how they will make them ready so that they will be easily compatible with the Job sector.

Soft Skills

Students attending seminars/conferences

The students are also updating themselves by attending various seminars, conferences, conventions, and workshops. So that they are getting exposed to different experienced personnel to strengthen their professional knowledge in view of scientific approach. Through these seminars and conferences, the students are interacting with the students of other institutions for exchanging their mind set in the pharmacy profession.
Soft Skills

Analytical skill development

It is very necessary for the students to have Instrumental skill, so that this skill will help them to competitively possess the Analytical research place. For this the Institution is providing various Analytical training and workshops to the students on various sophisticated Analytical Instruments like UV-Visible spectrophotometer, High Performance Liquid Chromatography, Fourier Infrared Spectroscopy and many more Instruments.
### Soft Skills

**Employability skill development**

For the Employability skill development, the Instruction has an AICTE sponsored Entrepreneurship Cell. In the cell constant meeting, interactions, seminars are conducted for the Final year students, to teach them how they can act as entrepreneurs after completion of the course. In addition to this the organization is organizing many seminars and meetings by inviting the Personnel from the MSME Department, Govt. of Odisha. In which invites educating the students and informing the students what the Govt. provision and facilities so that the student can start their own business as an entrepreneur.
### Soft Skills

**Students Participation in other Skill Program**

The mentioned areas of Skill is achieved by conducting Guest lectures for the students to provide them a platform to interact with eminent professionals. The Institution is dedicated to maintain the spirit of social responsibilities by conducting the Plantation, Blood donation program, free health check-up program, AIDS awareness program, JAL Divas, International Pharmacist Day and many more.
