11.2. Credit structure: The University shall follow the Credit Based Semester System. The amount of credit associated with a course is dependent upon the number of hours of instruction per week in that course. Similarly, the credit associated with any of the other academic, co/extra-curricular activities is dependent upon the quantum of work expected to be put in for each of these activities per week.

11.2.1. Credit assignment: Theory and Laboratory courses: The subjects of studies are broadly classified as Theory and Practical and consists of lecture (L) and / or tutorial (T) hours, and Practical (P) courses consist of hours spent in the laboratory. Credits (C) for a course is dependent on the number of hours of instruction per week in that course, and is obtained by using a multiplier of one (1) for lecture and tutorial hours, and a multiplier of half (1/2) for practical (laboratory) hours. Thus, for example, a theory course having three lectures and one tutorial per week throughout the semester carries a credit of 4. Similarly, a practical having four laboratory hours per week throughout semester carries a credit of 2.

- 12 Plan of Studies:** A student admitted into 1st year of M.Pharm Course shall be required to study for two years consisting of 4 semesters.

12.1. Semester (Odd / Even): Each semester shall consist of not less than 100 working days. The Odd Semesters shall be conducted from the month of June / July to November / December and the Even Semesters shall be conducted from December / January to May / June in every calendar year. However, it may change as per enrolment to the course in the year.

There shall be two seminar presentations during 1st year First Semester and Second Semester. For seminar, a student under the supervision of a eligible faculty member, shall collect the literature on a topic and critically review the literature and submit it to the Department in a report form and shall make an oral presentation before the Departmental Committee. The Departmental Committee consists of Head of the Department, supervisor and two other senior faculty members of the department. For each Seminar there will be only internal evaluation for 100 marks. A candidate has to secure a minimum of 50% to be declared successful.

There shall be a Comprehensive Viva-Voce in 2nd year and in 3rd Semester. The **Comprehensive Viva-Voce** will be conducted by a Committee consisting of Head of the Department and two Senior Faculty members of the Department. The Comprehensive Viva-Voce is aimed to assess the students' understanding in various subjects he/she studies during the course of study. The Comprehensive Viva-Voce is valued for 100 marks by the Committee. There are no internal marks for the Comprehensive Viva-Voce.

13. Scheme of Continuous Internal Assessments (CIA), Practicals and passing criteria:

13.1. Internal assessment: Continuous mode: The marks allocated for Continuous mode of Internal Assessment shall be awarded as per the scheme given below. A candidate shall be required to secure 50% both in theory and practical, 50% in Continuous Internal Assessment and Practical is necessary.
