**Sub: Teaching faculty during academic session**

Sir/ Madam

With reference to the subject cited above, I am directed to inform that subject cited issue was considered by 93/CC in its meeting held in July, 2013 which noted that in some cases teaching faculty either resign or/are terminated during the academic session which adversely effects the quality of education.

In view of above, it was decided to instruct the pharmacy institutions that -

- a) the teaching faculty whose name is shown at the time of inspection and approval is granted by the PCI on the basis of availability of the said teaching staff will not be eligible to join other institutions during the same academic year. Hence staff who have resigned or terminated by the management on grounds other than the criminal misconduct during the currency of the said academic session will not be taken to count while granting approval for such institutions.
- b) in the event of any dispute the matter shall be referred to the PCI.

This is for strict compliance at your end.

Yours faithfully

B.Pharm course:

- The institute must ensure the appointment of a minimum number of professors, associate professors, and assistant professors, as outlined in the faculty metrics. However, the specializations specified in the metrics for professors, associate professors, and assistant professors for the undergraduate program are suggestive and desirable.
- Part time faculty be appointed for teaching first year -Biology / Maths/ Environmental Science / Computer science subjects.

M.Pharm course:

- For each postgraduate program, it is mandatory to have at least one professor and one associate professor with the same specialization.
